Iridium 9555 Standard Kit **\$1199 NEW** **\$995 USED** 12-MO WARRANTY 6-MO WARRANTY

Iridium's satellite network provides voice, data, and SMS Short Messaging service. Mobile satellite communications by Iridium can keep you in touch with the rest of the world from the remotest locations on Earth. At only 9.4 oz, the new Iridium 9555 satellite phone is the smallest phone Iridium has made so far. An internally stowed antenna makes the 9555 less bulky than the 9505A model. While it is sleek, the 9555 retains the ruggedness of the 9505A with excellent water, shock and dust resistance. The 9555 also incorporates an integrated speakerphone, improved texting and email capabilities, a Mini-USB data port and a redesigned and intuitive user interface.

Kit includes: Iridium 9555 phone, AC charger/plug kit, holster, magnetic mount car antenna with 1.5 m cable, antenna adapter, DC charger, and hands free earpiece, USB to Mini-USB cable/Data CD, and user guide/quick start guide.

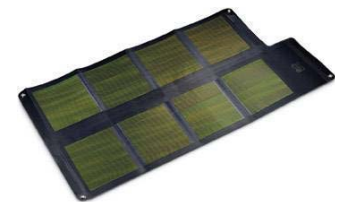

Iridium 9555

Iridium 9505A Standard Kit **\$1595 NEW** **\$695 USED** 12-MO WARRANTY 6-MO WARRANTY MADE IN USA

The 9505A is the world's workhorse handheld satellite phone. It is 6.2" tall and weighs 13.2 oz. It offers voice, data and SMS text messaging. An optional data kit gives you a 2400 bps RS-232 data port. Other optional equipment includes a fax adapter for standard G3 fax machines and docking stations for home, car, or boat applications.

Kit includes: Iridium 9505A phone, stick antenna, rechargeable Li-Ion battery, AC charger, 5-piece international plug kit, leather holster, DC charger, magnetic mount car antenna with 1.5 m cable, antenna adapter, hands free earpiece, and user guide.

Solar Chargers

About Outfitter Satellite:

Our company has been offering Iridium products for over 10 years. Same-day pickup is available from Nashville, TN and Anchorage, AK. We carry a wide variety of accessories: docking stations, antennas, lightning protectors, and cables for marine, fixed-site, and vehicular applications. Our technical support staff will respond to your needs 24/7. We offer flexible rate plans, online or mailed billing, and reminder services for customers with prepaid plans.

Protect Your Investment

PotsDOCK by BEAM **\$995**

The PotsDOCK by BEAM can be used to dock your Iridium 9555 handset in a car, boat, airplane, or building. It is Bluetooth enabled and has a built-in GPS feature provides the ability to track the location of the docking station via a web site or email messaging. The PotsDOCK has an RJ-11 port for use with standard phone equipment. You can also make voice calls using an optional privacy handset.

- Bluetooth support
- RJ-11 phone port
- Mini-USB data port
- GPS tracking capabilities
- hands-free operation (requires use of 9555 earpiece)
- battery charges while docked
- Uses 100V-240 VAC "wall power"
- Uses 9-32V DC "vehicle power"
- OPTIONAL: Privacy Handset/Cradle
- OPTIONAL: 5-meter permanent mount antenna

External Antennas

for marine, fixed-site, and vehicular applications

RST100 & RST100SC Sea Captain by BEAM

The RST100 Remote Satellite Terminal offers a fixed-site Iridium solution that can be used with standard phone equipment in a building via an externally mounted mast antenna (included). Voice, data, and messaging services are supported. An LED display indicates the status of power, satellite signal strength, ongoing call status, and voicemail waiting. Data or internet at 2400 bps is available through an RS-232 serial port. Runs on either 11-32 VDC power or AC "wall" power using a 110/240 AC-DC supply.

The BEAM RST100SC Sea Captain (formerly called the RST110) includes the RST710 Intelligent Handset but otherwise has the same functionality and components as the RST100 kit.

RST100 Kit includes: Includes Remote Satellite Terminal, 110/240 AC-DC supply, mounting bracket, data cable, user guide, installation CD, threaded-pole-mount mast antenna, and 10-meter cable.
