Our customers travel in remote locations and need to protect valuable and delicate equipment from dust, water, and of course, abuse by airport baggage handlers. Pelican™ cases have been used from the top of Mount McKinley to the battle fields of Iraq and Afghanistan and are internationally-recognized for their ruggedness.

Whether you need to protect firearms, computers, cameras, or emergency supplies, a Pelican case is your best choice. Various colors are available including black, silver/gray, high visibility orange or yellow, and desert tan. Some Micro™ series cases have a transparent lid option so you can see your equipment. Some larger cases include wheels and extendable tote handles.
